- 1 Provide a den or hiding place for your pet
- 2 Use an ADAPTIL® or FELIWAY® CLASSIC Diffuser as close to the den or hiding place as possible or where your pet spends most of its time
- 3 Keep dogs and cats inside during fireworks and check that their microchip is up to date
- 4 Walk your dog early in the evening before fireworks start
- 5 Ensure windows, doors and cat flaps remain closed during firework season to both prevent pets escaping and reduce the noise
- 6 Ensure your cats have access to enough litter trays during firework season especially if you're keeping them inside
- 7 Provide distractions, in the form of new toys and chews. Draw curtains and put the TV on to mask any noise
- 8 **DO NOT** punish your pet! This will only make your pet more distressed
- 9 Try not to leave your pets alone when fireworks are going off
- 10 Continue to use ADAPTIL® or FELIWAY® CLASSIC after the party or fireworks season ends

Remember, remember, fireworks aren't just in November!
